

MyLINC: Mobile Internet

SouthernLINC Wireless offers access to the mobile internet on your wireless phone through MyLINC. Similar to the way the Internet Explorer web browser let's you access Web sites from your PC, the MyLINC browser accesses many popular Web sites. Now get local & national News, Weather, Sports, as well as the most popular Email, Social Networking, Shopping, Travel and Entertainment scoop directly on your phone screen. In addition to Web sites, MyLINC provides you the opportunity to personalize your phone through the purchase of Ring Tones, wallpapers, games, phone applications and phone features.

How can I get MyLINC on my phone?

MyLINC is a monthly service from SouthernLINC Wireless through the pre-loaded browser on all SouthernLINC Wireless phones except BlackBerry. This service provides *unlimited* access* to any of the Web sites offered on MyLINC for a monthly fee. Since the MyLINC browser is pre-loaded, there is no need to add any new software. To sign up for MyLINC service, contact Customer Support or your authorized SouthernLINC Wireless representative.

OK, I have MyLINC service, what do I do first?

The first time you open MyLINC on your phone, the phone will request that the browser be updated (the screen will display “*Select OK to update your browser*”). When prompted, select “OK” and the phone will automatically link to the internet and display the MyLINC Home page. Now you are ready to begin surfing!

How do I access MyLINC on my phone?

From the phone's Menu, select **Browser Apps**. The phone will connect to the internet and show the MyLINC Home page. The first time you use MyLINC, the Home page may take a few seconds to load.

How do I navigate around the MyLINC Web sites?

Navigation on MyLINC is the very similar to your PC. Use the Up, Down, Right and Left navigation keys on the phone to move through the menus or around the Web sites. Use the buttons at the top of the phone keypad to select the options presented at the bottom of the phone display. Similar to the PC browser, the back button (bottom left key on the keypad (* ←)) will return to the previous page.

Push the Red End Call button () to return to the MyLINC Home page, Push/Hold the button to leave MyLINC and return to the phone screen.

What are all these selections on the Home page?

The MyLINC Home page offers access to SouthernLINC Wireless Web sites, categories, Web site address entry and Help. The public Web sites are organized into categories to help you find your favorite Web sites quickly.

Here's the rundown of each category:

- **WHAT'S HOT !!!** – Take a look at the newest and most popular services offered for your SouthernLINC Wireless phone.
- **Tones, Games & More** – Review and purchase Ring Tones, wallpapers, games, application and phone features directly from your phone.
- **Local Info** – Access a special Web site connected to your local TV and radio stations throughout the South for news, weather, sports and more based on your ZIP Code.
- **News, Sports & Weather** – Provides access to Web sites like CNN, ESPN, The Weather Channel and more.
- **Business & Finance** – Get to stock quotes, financial news, online banking and more.
- **Email & Messaging** – Access web email and chat features such as Hotmail, AOL Mail, MSN Messenger and more.
- **More Categories** – Find additional categories for Web sites like Yahoo, Google, MySpace, Facebook and more.

MyLINC: Mobile Internet

- **Enter a Site** – Enter the address of your favorite Web site and view it on your phone. Not all sites will give you the same experience as the pre-loaded Web sites. On select phones, you may be able to save the site to your Favorites.
- **Help** – Find tips and tricks for using MyLINC as well as Customer Support information.

*Unlimited services only available within the [SouthernLINC Wireless Regional Calling Area](#).
